

## A Heritage Vision for **BANTEAY CHHMAR, Cambodia**

With design, layout, graphics and production by Belt Collins International (Singapore) and photography and text by Allen Kerton and John Sanday. A Heritage Vision for Banteay Chhmar studies the historic monuments, ancient hydrological system, archeological embankments and landscape of the 12th Century Khmer Temple complex of Banteay Chhmar, its outlying satellite temples & surrounding environment.

It is hoped that the report will be used as a guideline for the conservation, protection, and long term maintenance of this unique heritage site.

A Heritage Vision for Banteay Chhmar, Cambodia was commissioned and funded by Global Heritage Fund and supported by the Ministry of Culture and Fine Arts, Royal Cambodian government.
